

THE
**HAND & UPPER EXTREMITY
CENTER OF GEORGIA**

ADULT & PEDIATRIC

Specialized Care You Can Trust

WORKERS' *COMPENSATION*

At **The Hand & Upper Extremity Center of Georgia**, our fellowship-trained, board-certified orthopedic surgeons are committed to providing workers with the highest level of surgical and nonsurgical care for their hand, wrist, elbow, and shoulder injuries. Having a well-trained hand and upper extremity surgeon is crucial to achieving the best possible outcome. Our doctors are highly trained experts who will work with employees to help them achieve maximum recovery from job-related injuries.

Service Promises

- We will return all calls within 24 hours
- All appointment requests for acute injuries will be accommodated within 24 to 48 hours
- Reports will be faxed within 24 hours
- We will provide premium and compassionate care to injured employees

Workers' Compensation Process Commitments

- We are committed to communication and will keep employers up to date
- For your convenience, we serve as one point of contact for all workers' compensation issues
- Reports are faxed to appropriate parties promptly
- Our doctors are the hand and upper extremity surgeons for Concentra
- Our doctors provide consultations at Shepherd Center and provide comprehensive upper extremity care for patients with neurological trauma, including brachial plexus injuries, spinal cord injuries, and traumatic brain injuries
- Continuing education for workers' compensation is a priority for our doctors

Coordinated Surgical and Rehabilitation Care

The Hand & Upper Extremity Surgery Center of Georgia is our state-of-the-art ambulatory surgery center **focused exclusively on surgeries of the hand and upper extremity**. Our team of surgeons, anesthesiologists, nurses, and surgical technicians work together to provide our patients with an **unparalleled outpatient surgical experience**.

Our certified hand and occupational therapists of **The Hand & Upper Extremity Rehabilitation Center of Georgia** are highly trained specialists who work closely with our doctors to help evaluate, treat, and rehabilitate injuries and conditions of the hand and upper extremity.
